

**DETAILED ACTION**

1. Applicant(s)' telephone request for reconsideration of the rejection of the last Office action was persuasive and, therefore, that action is withdrawn. Either by the clerical error or by the omission Examiner did not see Applicant(s)' amendment during the time of writing his prior Office action and based his decision on the wrong claims (1-18), which were cancelled by the Applicant(s)' amendment and the new claims (19-60) were introduced and which are considered by this Office action.

***Reasons for Allowance***

2. Claims 19 - 60 are allowed.

**3. Examiner's Statement of Reasons for Allowance:**

Applicant(s) invention relates to a water wave power generation system, and more specifically, to a structure of a wave power generation system.

The system has a linear electric generator, which has a rotor moving by the force of the waves up and down. The assembly has rolling elements to direct rotor movements and has a support structure to support a stator and the rolling elements, as disclosed.

There are inventions in the field that provide similar functionality and/or have similar features, as prior art of record shows. Applicant(s) invention differs from the prior art of record by the support means, which was interpreted by the examiner in view

Art Unit: 2834

of the disclosure and which in combination with other functional features is performing as disclosed and claimed, and which examiner's search failed to find.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nicholas Ponomarenko whose telephone number is (571) 272- 2033, Fax: (571) 273-2033, or to his SPE Darren Schuberg – (571) 272-2044.

6. Any inquiry of a general nature should be directed to the following places: Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
